

ACTION INDOOR NETBALL

Action Indoor Sports Stadiums are the most modern and professionally administered indoor sports venues of their type in New Zealand, and Action Central is the latest addition to our nationwide group.

Opened late in 2003, Action Central was designed and is run by a team with decades of experience running indoor sports stadiums, and no expense was spared during its construction, resulting in the most modern and user friendly stadium of its kind in New Zealand.

Action Indoor Netball is fast, fun, easy to learn, and based on the traditional outdoor sport. The rules have been modified to allow for the fact that the game is being played not only indoors, but also within fully tensioned nets that add to the excitement of each game.

By having four courts and a wealth of experience at our disposal, we have been able to build the largest indoor netball competition in Auckland. What this simply means, is that no other venue is able to provide a competition that is as evenly matched for all teams.

Every competition that we offer is fully serviced, with all necessary playing equipment, umpires and competition management provided by the stadium. All you have to do is turn up and play your game, we do everything else !

Our facilities are of a standard unmatched anywhere in the country and our Netball Manager has been administering indoor netball competitions for well over a decade. This experience includes weekly leagues, regional events, national events, right through to the complete ground up event management of 2003 Indoor Netball World Cup.

So rest assured, your team will be in very capable hands, and will be able to enjoy playing a great sport in a standard of venue not previously seen in this country.

We hope you decide to accept the challenge and enter your team, and we look forward to welcoming you to the ACTION !

Best Regards

THE ACTION TEAM
